## REVIEW

LXXXII-No. 1

January 2007

Raleigh, N.C.

### From the tractor

**Steve Troxler**  
Commissioner

The beginning of a new year always signals a busy start to another season in agriculture. While it is a down time for planting and harvesting, it is traditionally a time when growers are repairing equipment, taking soil and water samples, making decisions about equipment purchases and getting their business operations in order.

Additionally, many are also attending commodity group meetings to learn the latest trends in their industry, potential production issues and new production techniques, and disease and pest management tools.

Many commodity meetings are coming up in the next two months, and I encourage growers to make plans to attend these very informative sessions. Participants will have an opportunity to talk with other growers and experts about issues that directly affect their operations.

I plan to be at a number of the commodity meetings and look forward to seeing many of you there.

I also want to encourage growers to attend the Agricultural Development Forum we are hosting Feb. 1 during the Southern Farm Show at the State Fairgrounds in Raleigh.

As Agriculture Commissioner, I enjoy hearing from farmers about issues that matter to them. It helps me set priorities for the department and guides our efforts to promote progressive farm policies. Last year we hosted a similar forum and we had pretty good turnout for a first-year event.

One of the main messages

(See New Year, pg. 6)

## Troxler hosting Ag Development Forum Feb. 1

Agriculture Commissioner Steve Troxler encourages farmers, agribusiness professionals and others interested in U.S. farm policy to attend the 2007 North Carolina Agricultural Development Forum Thursday, Feb. 1, at the State Fairgrounds.

The forum will begin at 10 a.m. in the Holshouser Building. Admission is free.

"The 2007 Farm Bill is going to be a hot topic in the upcoming session of Congress," Troxler said. "Through this forum, we want to provide the agricultural community with the opportunity to gather information and give their opinions about Farm Bill programs pertaining to commodities, conservation, alternative energy and biomass research."

The N.C. Department of Agriculture and Consumer Services is organizing the forum. For information, contact Dewitt Hardee at (919) 733-7125, ext. 239, or go to [www.ncagr.com](http://www.ncagr.com).

## Dates announced for risk management workshops

The N.C. Department of Agriculture and Consumer Services Marketing Division will host eight risk management workshops January through March across the state.

All workshops will be held from 10 a.m. to 3 p.m. with lunch on your own. The workshops are free.

Following is a list of dates and locations:

-- **Jan. 23**, Columbus County Extension Office, Government Complex Road, Whiteville, (910) 640-6605.

-- **Jan. 24**, Robeson County Agriculture Building, Lumberton, (910) 671-3276.

-- **Feb. 6**, Wayne Community College, Dogwood Building, 3000 Wayne Memorial Drive, Goldsboro, (919) 735-5151.

-- **Feb. 8**, Pitt Community College, Leslie Building, N.C. 11 South, Greenville, (252) 321-4200.

-- **Feb. 13**, Halifax Community College, U.S. 158 West, Weldon, (252) 536-7226.

-- **Feb. 21**, College of the Albemarle, Small Business Center, 1208 North Road St., Elizabeth City, (252) 335-0821.

-- **Feb. 27**, Stanly Community College, Crutchfield Campus, Locust, (704) 888-8848.

-- **March 6**, Mitchell Community College, 701 West St., Statesville, (704) 878-3200.

## Time is good to test source water for tobacco float beds

Agriculture Commissioner Steve Troxler reminds producers of tobacco transplants that January is a good time to check the quality of their float-bed source water by collecting samples and sending them to the N.C. Department of Agriculture and Consumer Services agronomic lab for analysis.

Being proactive now allows growers to take necessary corrective action before filling beds and adding fertilizers. After fertilizer is mixed into float beds, it is also a good idea to submit samples to verify appropriate nutrient concentrations.

Solution analysis provides information important to uniform seedling growth, such as alkalinity, pH, electrical conductivity (soluble salts) and nutrient concentrations. The laboratory report also provides recommendations for corrective action, when necessary. "Following these recommendations can reduce production costs, disease pressure and other environmental and cultural problems," Troxler said.

Nearly half of the source water samples taken from

tobacco float-bed operations in North Carolina, and about one in five nutrient solution samples, have high alkalinity, sometimes known as total carbonates. Alkalinity values greater than or equal to 100 contribute to high pH and soluble-salt problems. The solution analysis report can provide recommendations for reducing alkalinity by 80 percent. If needed, alkalinity neutralization should be performed before trays are floated. The recommendations from the analysis should be followed carefully, as too much acid application can lead to undesirably low pH and possible root damage.

To collect and submit a solution sample, growers should follow these procedures:

1. Collect eight ounces of solution in a clean, plastic bottle. Small soda bottles are about the right size, but should be triple rinsed with plain water (no soap). Remove or mark out any original product labeling. Make sure the sample represents the total solution. For example, for a source water sample, let the tap run for a few minutes

(See Tobacco, pg. 2)

# Farmland preservation grants announced

Agriculture Commissioner Steve Troxler recently announced five organizations have been awarded state grants for farmland-preservation projects.

The Agricultural Development and Farmland Preservation Trust Fund awarded a total of \$44,000 in grants.

Following is a summary of grant recipients and projects:

- The Alamance County Agriculture Advisory Board received \$9,250 toward development of a comprehensive countywide farmland protection plan.
- The Johnston Soil and Water Conservation District received \$5,100 to aid implementation of the county’s Voluntary Agricultural District program.
- The Polk County Farmland Preservation Board received \$8,400 to help pay for a survey and other costs associated with obtaining an agricultural conservation easement on a 400-acre farm in the county.
- The Southwestern N.C. Resource Conservation & Development Council in Haywood County received \$9,750 to help with creating an Enhanced Voluntary Agricultural District and securing conservation easements for working lands in the Bethel community.
- The Southern Appalachian Highlands Conservancy in Buncombe County received \$11,500 to help with its effort to protect 75 acres in the Sandy Mush township with an agricultural conservation easement.

“There was tremendous interest in our grants, with 22 local governments and organizations requesting \$576,000 in funding for projects valued at nearly \$9.5 million,” Troxler said. “The number and quality of proposals shows that communities across the state see a need for farmland preservation, and my goal is to fund more projects in the future as additional funding becomes available.”

The ADFP Trust Fund is administered by the N.C. Department of Agriculture and Consumer Services. The grant money was made available through an appropriation from the General Assembly.

## Tobacco

(Cont’d from pg. 1)

before collecting it. For a nutrient solution sample, mix the fertilizer thoroughly and combine samples from several areas of the float bed to make one composite sample.

2. Complete the Solution Analysis Information sheet (form AD7). Select the appropriate solution code. “ST” is the code for float-bed source water. “NT” is for a nutrient solution, or one that

contains fertilizer.

3. Send solution samples, a completed sample information sheet and the \$5 fee per sample to the NCDA&CS Agronomic Division. For fastest results, be sure the package is addressed to the Plant/Waste/Solution Section.

For more information on Agronomic Division services go to [www.ncagr.com/agro](http://www.ncagr.com/agro) nomi or call (919) 733-2655.

# Livestock events

Feb. 13 ..... Northeastern Regional Pork Conference, Edenton  
Feb. 21 & 22 .. N.C. Pork Conference, Greenville.

# Bucolic briefs

The N.C. Department of Agriculture and Consumer Services Veterinary Division is looking for small or large backyard or independent poultry flocks to test for avian influenza throughout the state. A minimum of 10 birds per flock would be tested by oral swabs four times each year at no cost to the owner. This program is designed to maintain surveillance for bird flu in North Carolina. If interested, contact Dr. Sarah Mason or Jimmy Collie at (919) 733-7601 to learn more.

\*\*\*

The first statewide Agritourism Networking Association Conference will be held Jan. 19 at the Caraway Conference Center north of Asheboro. The meeting is open to interested agritourism farmers, winery and vineyard owners and members of the Agritourism Networking Association.

The one-day conference will feature speakers from across the state focusing on topics such as zoning, liability insurance, hospitality, marketing, agricultural development and the N.C. Agricultural Development and Farmland Preservation Trust Fund.

Registration is \$20 for ANA members and \$30 for non-members. Registration forms are available online at <http://www.ncagr.com/agritourism/> and are due Jan. 10.

For more, contact Martha Glass at [martha.glass@ncmail.net](mailto:martha.glass@ncmail.net) or call (919) 733-7887.

\*\*\*

A stockdog training clinic with Jack Knox will be held Jan. 13-15 in Semora (Person County). All breeds and experience levels are welcome. Cost is \$200 for the hands-on instructional clinic. For more, contact Rebecca Shouse, at (336) 234-0389 or e-mail at [shouse@mebtel.net](mailto:shouse@mebtel.net) or go to <http://goosedogs.com/irena>.

\*\*\*

A “Saving the Family Farm II” estate-planning conference with updates on estate planning for the family farm will be held Jan. 17 at the N.C. Cooperative Extension Center in Louisburg. For more, contact Martha Mobley, Franklin County extension agent, (919) 496-3344 or e-mail [martha\\_mobley@ncsu.edu](mailto:martha_mobley@ncsu.edu).

\*\*\*

The 31<sup>st</sup> Annual Union County Performance Tested Bull Sale will be held at noon Jan. 20 at Edwards Double E Sales Arena in Marshville. The sale offers 70 forage-tested bulls and a large selection of commercial and registered cows and heifers, including Angus, Simmental, Red Angus, Limousin, Gelbvieh and Balancer cattle. For more on the sale, including specifics on the bulls, go to [www.ces.ncsu.edu/union/bulltest/](http://www.ces.ncsu.edu/union/bulltest/), or contact Jerry Simpson, Union County extension agent, at (704) 283-3738.

\*\*\*

The 2007 N.C. Turfgrass Conference and Show will be held Jan. 22-25 at the North Raleigh Hilton in Raleigh. The conference features workshops and sessions on a number of turf management issues including disease management, irrigation, aquatic weeds, insect control and water conservation. Attendees can earn credits for maintaining their North Carolina pesticide license. Cost for the full conference is \$150 for Turfgrass Council of North Carolina members, or \$200 for non-members. Partial packages are also available for anyone interested in certain programs. For more or to register, call (919) 380-9446 or e-mail to [info@ncturfgrass.org](mailto:info@ncturfgrass.org).

\*\*\*

The N.C. Peach Growers Society will hold its annual meeting Jan. 23 from 8 a.m. to 3 p.m. at the Days Inn at Southern Pines. The program features presentations on production practices, insect and disease management and more. Cost is \$20. For more or to register, contact Kevin Hardison, NCDA&CS marketing specialist, at (919) 733-7887.

\*\*\*

The Southeastern Horseshoers on Education will hold its annual awards banquet Feb. 2 at 6:30 p.m. at Troutmans Restaurant on U.S. 601 near N.C. 49 in Concord. For more, contact Marcus Pierce, (704) 753-4576 or e-mail at [Dpierce926@aol.com](mailto:Dpierce926@aol.com).

\*\*\*

The N.C. Meat Goat Association will hold its annual meeting Feb. 3 at 9 a.m. at the Johnston County Livestock Arena in Smithfield. The meeting will include a number of workshops including one on American Boer Goat Association Standards. A young wether sale will be held in the afternoon. Cost is \$15 for adults, free for kids under 19. Lunch is provided. For more, contact Todd McLeod at (336) 241-2245 or (336) 626-6670.

\*\*\*

The 19<sup>th</sup> Annual N.C. Aquaculture Development Conference will be held Feb. 7-10 at the Sheraton Atlantic Beach Oceanfront Hotel in Atlantic Beach. The conference features self-guided tours of two aquaculture operations and workshops and updates on a variety of aquaculture topics. An optional short course on aquaculture recirculation technology by Dr. Tom Losordo and Dennis Delong of N.C. State University will be held Feb. 7 and 8. Cost for the conference is \$95 before Jan. 31 or \$125 after that date. The cost of short course and conference is \$250. For more or to register, go to [www.ncaquaculture.com](http://www.ncaquaculture.com) or call (866) 462-2838.

\*\*\*

A workshop on legal liability and safe food handling practices will be held Feb. 14 from 10 a.m. to 2 p.m. at the N.C. Cooperative Extension Center in Winston-Salem. Program topics include “Good Agricultural Practices for Raw Produce Handling,” “Getting the Right Liability Insurance Coverage” and “Avoiding Liability Lawsuits.” Cost is \$15 and includes lunch. For more, contact Annette Dunlap at (919) 515-5969 or [annette\\_dunlap@ncsu.edu](mailto:annette_dunlap@ncsu.edu).

\*\*\*

A workshop on selling to food service and retail establishments will be held at 9 a.m. Feb. 28 at the Charlie Rose Agri-Expo Center in Fayetteville. This workshop is geared for farmers and extension staff from Virginia and North and South Carolina. Cost is \$12 for government employees or \$25 for others. For more, contact Annette Dunlap at (919) 515-5969 or [annette\\_dunlap@ncsu.edu](mailto:annette_dunlap@ncsu.edu).

\*\*\*

The Northern Piedmont Specialty Crops Schools will be held March 2 at the Person County Cooperative Extension Center in Roxboro. The school will focus on growing and marketing specialty crops, and will include guest presentations by specialty farmers and a presentation on drip irrigation. Cost is \$25 and includes lunch. Pre-registration is required. For more, contact Carl Cantaluppi at (919) 603-1350 or e-mail at [carl\\_cantaluppi@ncsu.edu](mailto:carl_cantaluppi@ncsu.edu).

\*\*\*

The N.C. Beekeepers Association will host a joint meeting with the South Carolina Beekeepers Association March 2 and 3 at the Union County Agri-Services Center in Monroe. The focus of the meeting is the small hive beetle, and features guest speakers, workshops and a trade show. For more or to register, contact Charles Heatherly at (919) 859-6995, e-mail at [heath7@bellsouth.net](mailto:heath7@bellsouth.net) or go to [www.ncbeekeepers.org/meeting](http://www.ncbeekeepers.org/meeting).

Marlin Bohling, farm director for Curtis Media Group and the company’s Southern Farm Network, has been awarded the 2006 “Oscar in Agriculture” award by the National Association of Farm Broadcasting.

The award, sponsored by New Holland Corporation, recognizes reporting excellence, thoroughness and attention to audience interested in the field of farm and agricultural journalism.

Bohling’s winning entry was a radio program featuring segments of an agriculture trivia game he played with local high school students. “My goal with this program was to provide a humorous way of educating non-farm listeners while illustrating the need for more agricultural education in urban settings,” Bohling said.

The Southern Farm Network serves radio affiliates in North and South Carolina providing updated news, weather and commodities information targeted specifically to the needs of today’s modern farmer as well as those companies that service the farm sector.

# State Fair’s Junior Sale of Champions nets winners \$91,700

Pictured clockwise from left, Emily Boyette of Wilson with the grand champion barrow; Ashley Pittman of Kenly with the winning lamb; William Jones of Barnardsville with the winning market steer; and Evan Gunter of Asheboro with the grand champion turkey. Agriculture Commissioner Steve Troxler (with hat) and representatives from Harris Teeter are also pictured.

Junior livestock champion and reserve winners earned \$91,700 for their prize animals at the N.C. State Fair’s Junior Livestock Auction. For the first time, a special born-and-bred in North Carolina steer was sold at auction.

“The livestock in the shows and auctions this year were a great representation of the animals we have in North Carolina,” said Agriculture Commissioner Steve Troxler. “These youth have done an excellent job raising and caring for the animals. We thank Harris Teeter, Martin Meats, Martin Pork, Neese’s Country Sausage and Farm Bureau for their winning bids and congratulate them on purchasing a superb lot of champions.”

The 1,381-pound grand champion steer was shown by William Jones, 12, of Barnardsville. Harris Teeter placed the winning bid of \$25,000. The 1,322-pound reserve champion steer was shown by Taylor Ridling, 17, of Salisbury. Martin Meats purchased the reserve winner for \$12,500.

Ashley Pittman, 12, of Kenly, sold her 140-pound grand champion lamb to Harris Teeter for \$7,500. Harris Teeter also purchased the reserve champion lamb for \$5,000, shown by Milo Lewis, 17, of Walstonburg.

Emily Boyette, 11, of Wilson, sold her 275-pound grand champion barrow for \$10,000 to Harris Teeter. The 280-pound reserve champion barrow was purchased jointly by Neese’s Country Sausage and Martin Pork for \$5,700 and was shown by Ryan Blalock, 17, of Lucama.

The grand champion turkey was shown by Evan Gunter, 10, of Asheboro, and was sold to Harris Teeter for \$5,500. Kyle Lucky-Smith, 16, of Clyde, exhibited the reserve champion turkey. N.C. Farm Bureau purchased it for \$3,000.

In addition to the sale of champions, a special born-and-bred in North Carolina steer was auctioned. Austin Francis, 17, of Waynesville, sold the steer for \$17,500 to Harris Teeter.

## Cooks turn up the heat in the 2006 State Fair cooking contests

### *The winning Incredible Edible Egg Cheesecake recipe*

Cynthia Fountain of Chapel Hill took first place and \$100 for her Crème Brulee Cheesecake in the N.C. Egg Association’s “The Incredible Edible Egg Cheesecake” Recipe Contest at the N.C. State Fair.

Joy Forehand of Clayton claimed second and \$75 for her Toffee Cheesecake, and Don Rayno of Cary took third place and \$50 for his Paisley Print Cheesecake.

All cheesecakes had to use at least four eggs. Entries were judged on taste, ease of preparation and originality.

Crème Brulee Cheesecake  
Crust:  
3 cups vanilla wafer crumbs (1 box of vanilla wafers, crumbled)  
¾ cup (1 ½ sticks) unsalted butter, melted

6 tablespoons brown sugar  
Filling:  
48 ounces cream cheese, softened  
1 ½ cups granulated sugar  
6 tablespoons low-fat sour cream  
6 eggs  
¾ cup heavy cream  
4 teaspoons grated orange peel  
Boiling water (for baking)  
¾ cup granulated sugar (for topping)  
Preheat oven to 325 degrees Fahrenheit. In a bowl, mix the vanilla wafer crumbs, butter and brown sugar until well-blended. Pat the wafer mixture into the bottom and sides of a 10-inch springform pan. Set aside.  
In another bowl, mix the cream cheese, 1 ½ cups

sugar and sour cream on medium speed until the mixture is smooth. Add the eggs, heavy cream and orange peel. Beat until all the mixture is smooth. Pour the cream cheese mixture into the springform pan. Place the springform pan into a larger pan. Add boiling water to the larger pan to cover halfway up the sides of the springform pan. Bake for 50 minutes or until set.

Carefully remove the springform pan from the water and let cool at room temperature for 30 minutes. Refrigerate for 3 hours. Remove the cake from the springform pan. Sprinkle the remaining sugar on top of the cheesecake. Broil under the broiler until the sugar melts and browns (be careful not to burn the sugar), or melt the sugar with a cooking torch.

The cheesecake may be served with fresh or frozen strawberries or blueberries. Serves 16-20.

For more winning recipes, including 2nd and 3rd places, go to [www.ncstatefair.org/2006/cooking contests/](http://www.ncstatefair.org/2006/cooking%20contests/)

### *Tarheel Pork Challenge winner*

Kathy’s Sausage and Tortellini Soup won the N.C. Pork Council Tarheel Pork Challenge. Kathy Shortt of Garner took home the blue ribbon and \$200 for the recipe.

Lisa Raschke of Raleigh received \$150 for the second place recipe, Grilled Pork Tenderloin with Fig and Port Wine Sauce. Spicy Barbeque Pork by Kay Powell of Fuquay-Varina took third place honors and \$100.

Contest rules required at least four ounces of pork per serving and that recipes serve four to six adults.

**Kathy’s Sausage and Tortellini Soup**  
1 ounce olive oil or PAM cooking spray  
2 packages (19.76 ounces each) of Sweet Italian Sausage  
2- 8 ounce cartons of fresh, sliced mushrooms  
1 9-ounce bag of fresh baby spinach  
2 14-ounce cans of diced tomatoes  
2 32-ounce cartons of low sodium chicken broth

1 28-ounce package of fresh Three Cheese Tortellini (in the dairy case)  
Grated Parmesan cheese for garnish, optional

Spray large stockpot with Pam or coat with olive oil. Remove sausage from casings and heat over medium heat in large stockpot until sausage is crumbled and no longer pink. Once the sausage is cooked completely through, add the sliced mushrooms to the sausage. Stir occasionally until the mushrooms are sautéed. Once mushrooms are cooked, add the entire bag of fresh baby spinach. Stir occasionally until the spinach is sautéed. Add the two cans of diced tomatoes and stir thoroughly. Add the chicken broth and bring to a boil. Add the package of fresh tortellini and simmer on low for 10-15 minutes until the tortellini are cooked. Ladle into soup bowls and sprinkle generously with Parmesan cheese.

Cook the first four ingredients and use as a sauce for pasta, or toss everything together except the broth for a pasta dinner.

# More recipes from the 2006 State Fair

## House-Autry Mills winning recipes

Benson resident Donna Barefoot took home a blue ribbon and \$250 for Country Stuffed Peppers in the House-Autry Mills In Your Oven “for your family” Recipe Contest on the opening day of the State Fair.

Oven-baked Loaded Potato Wedges earned Janice Wolfe of Fuquay-Varina \$100 and a second-place ribbon.

Tiffany Edwards of Dunn won third place and \$50 for a Holiday Turkey Dip recipe. This was the 14-year-old’s first time competing in the State Fair cooking contest.

The contest was looking for appealing family recipes using one packet of House-Autry Mills in Your Oven Chicken or Pork Seasoned Coating Mix. The recipes were judged based on taste, creativity and family appeal and ease of preparation.

The winning recipe follows:

### Country Stuffed Peppers

- 1 package House-Autry Mills In Your Oven Chicken Seasoning Mix
- 1 pound ground beef
- 1 bag of boil in the bag rice (cooked)
- 8 sweet bell peppers (topped and seeded)
- 7 ounces dried tomatoes
- 14.5 ounces diced, stewed tomatoes

8 ounces Cheez Whiz

Boil peppers for six minutes and drain. Brown ground beef and drain. Stir rice, Cheez Wiz, tomatoes and chicken seasoning into ground beef. Stuff peppers. Bake at 350 degrees for 30 minutes. You can also use red, orange or yellow peppers.

### Oven-Baked Loaded Potato Wedges

- 3 large baking potatoes
- 1/2 cup mayonnaise
- 1/2 teaspoon hot sauce
- 1/4 teaspoon black pepper
- 1 1/2 cup House-Autry Mills In Your Oven Pork Seasoning Coating Mix
- 1/2 cup parmesan cheese (grated)
- 2 tablespoon real bacon bits
- Dip
- 1/2 cup sour cream
- 2 teaspoon parsley flakes (or use green onion)
- 1 tablespoon bacon bits

Pre-heat oven to 350 degrees. Wash potatoes and cut each into 4-6 wedges per potato. Mix mayonnaise, hot pepper and black pepper. Mix pork seasoning, cheese and bacon bits together. Coat wedges with mayonnaise mixture and roll in seasoning mix. Place on baking sheet and bake 45-50 minutes or until potatoes are tender. Kids love them with the dip. Serves four.

## Prize-winning N.C. Cattlemen’s recipe

Felice Bogus of Raleigh racked up a first-place win and \$200 for Carne Asada Bites in the N.C. Cattlemen’s Beef Recipe Contest.

Gail Fuller of Raleigh took second place and \$150 for Grillades and Hot Tomato Cheese Grits, and Donna Barefoot won third place and \$100 for Family Beef Casserole.

Each recipe required the use of three ounces of beef per serving and fewer than 10 ingredients. Entries were judged on taste, ease of preparation, appearance and recipe originality.

### Carne Asada Bites

- 1 pound skirt steak
- Juice of 4 limes, divided
- ½ teaspoon oregano (preferably Mexican)
- 3 cloves of garlic, roughly chopped
- ½ teaspoon kosher salt
- ¼ cup chopped cilantro
- 24 refrigerated wonton wrappers

¼ cup finely chopped onion

Thinly sliced avocado, to garnish

Mix juice of three limes, oregano, garlic and salt together in a non-reactive baking dish. Turn skirt steak in mixture to coat. Cover and refrigerate overnight, turning steak occasionally. Preheat oven to 425 degrees. Press wonton wrappers into mini-muffin cups. Remove skirt steak from marinade and let excess liquid drip off. Cook in grill pan until well done, about 8-10 minutes per side, depending on thickness. Let meat rest until cool enough to handle. Slice steak into strips about ½-inch wide, then cut into small cubes. Spoon meat into wonton cups and bake about eight minutes or until wontons are golden brown. Mix together cilantro, onion and juice of one lime. Top each wonton cup with ½ -1 teaspoons of cilantro mixture. Garnish with sliced avocado.

## Winning Fleischmann’s Yeast recipe

Gail Fuller of Raleigh won first place and \$150 for her Pepperoni Pockets in the Fleischmann’s Yeast “Best-Ever Baking” Contest at the N.C. State Fair.

Margaret Howard of Fuquay-Varina won second place and \$75 for her Honey and Oatmeal Wheat Bread. Alice Spickard of Raleigh took third place and \$50, plus the “Rapid RecipEase” Honorable Mention for Chocolate Boule.

Each recipe required the use of Feischmann’s Yeast. Entries were judged on flavor, appearance, texture and creativity. A “Rapid RecipEase” honorable mention was awarded for a quick-to-prepare recipe.

The winning recipe follows:

### Pepperoni Pockets

Dough:

- 3 ½ cup bread flour, divided
- 1 teaspoon baking soda
- 2 tablespoon sugar
- 1 cup warm buttermilk (120-130 degrees)
- 1 package Fleischmann’s RapidRise Yeast
- ½ cup corn oil
- 1 ½ teaspoon salt
- 1/3 cup milk
- 1 teaspoon cornstarch

In a mixing bowl, combine 1 ½ cups of the flour, sugar, yeast, salt, cornstarch and baking soda. Add the buttermilk, oil and milk; stir until moistened. Stir in enough remaining flour to form a soft dough (2-3 minutes). Turn onto a floured surface and knead until smooth and elastic (4-5 minutes). Cover and let rest 10 minutes. Divide into 8 equal pieces and roll each out to a 6”x12” rectangle.

Filling:

- 2 eggs
- 2 tablespoon Italian seasoning
- 2 tablespoon grated Parmesan cheese
- ½ pound thinly sliced pepperoni
- ½ pound thinly sliced white American cheese

Beat together eggs, Italian seasoning and Parmesan cheese. Brush about 1 tablespoon onto each dough rectangle. Layer sliced pepperoni, then sliced American cheese, then another layer of pepperoni onto dough rectangles. Roll up jellyroll fashion, pinch seam to seal and place on a greased 3”x5” loaf pan seam side down. Brush with egg mixture and bake at 375 degrees for 25-30 minutes. Makes 2 small loaves.

-- Best Dairy Herd in Show and Best Udder in Show shown by Joy Broaddus of Culpepper, Va.

## New Year

### (Cont'd from pg. 1)

we heard from last year's attendees was the need for a reliable and affordable work-force. And we were fortunate to have Charles Conner, an under secretary with the U.S. Department of Agriculture, meet with the group and hear these concerns and take them back to Washington to be part of farm policy discussions.

Details for this year's forum are still being worked out, but I hope many of you will make plans to attend. You will find some additional information about this meeting on page 1.

I would also like to remind

growers about the many agronomic services the department offers to help maximize productivity, minimize nutrient use and improve the bottom line.

We have included an article this month about source-water testing for tobacco float systems, but information on more agronomic services including soil testing can be found online at <http://www.ncagr.com/agronomi/> or by calling (919) 733- 2655.

Using these services makes good sense financially and environmentally.

# Classified Advertising

**SUBMITTING ADS:** Ads are free to NC residents & can be submitted by mail to 1001 Mail Service Center, Raleigh NC 27699-1001; by e-mail at [Ag.Review@ncmail.net](mailto:Ag.Review@ncmail.net); or by fax to (919) 715-8493. Ads *must* include name, address including zip code, phone number including area code, and *price or price range for every item* being sold.

Deadline for each issue is noon on the first working day of the month prior to publication. Limit is 30 words, editor reserves right to edit or reject ads. Limit 2 ads/person in different categories.
